Subject: Objection to proposed threat to mid-Wales landscape
Date: 15 November 2019 16:59:10

Dear NDF Team,

I wish to register my objection to the threat posed to the landscape of mid-Wales in the Draft NDF Wind and Solar Priority Areas.

I understand that my AM Russell George (Montgomeryshire) is making more detailed representations on this matter.

This threat to the landscape is not acceptable.

Yours faithfully

Bruce Erde
