

National Development Framework: Easy Read questionnaire

Part A – the main points of the NDF

Q1. 1. Do you think we are aiming to do the right things with our plan?

No

Comments:

There is too much concentration on cities, not enough trees planted to reduce co2, not enough hospitals in rural areas to avoid 90mile round trips and not enough cycling routes to/from work. The Priority Areas in Mid Wales could have used the very large area between nos 6,8,and 9, centred on Claerwen Reservoir. If we can build offshore wind turbines , I am sure that we can build in remote land locations like this. Solar panels could also be built on existing infrastructure, eg house roofs and even on sides of wind turbines !

Q2. 2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

Yes

The NDF also needs to think about...

my answer in 1 above says it all

Q3. 3. Do you think the Plan will help achieve healthy and well-planned places?

No

Comments:

currently the plan is ill thought out and refer to CPRW bullett points. Fundamentally, the local people of the area need to have greater input into the solutions, at present they are rudely removed from decision processes

Q4. 4. Do you think the plan will help us take care of our environment?

No

Comments:

greater consultation required. without a comment from CPRW, I would not have known about the NDF plans, and I am a well read informed Civil Engineer, based in Mid Wales. To produce copious documents online and expect everyone to know about them, shows no respect to local people and how to communicate with them. Only our Assembly member and CPRW have been in touch re this subject. I agree with CPRW that the Welsh Government are trying to ride roughshod over the needs and requirements of local people, just as they have with various wind farms AND poultry farms in Powys, and should be ashamed. do not remove people from the decision process

Part B – different parts of Wales

Q5. 5. Do you agree with our plans for North Wales?

No

Comments:

cannot agree if I haven't seen them show me

Q6. 6. Do you agree with our plans for Mid and South West Wales?

No

Comments:

cannot agree if I haven't seen them show me

Q7. 7. Do you agree with our plans for South East Wales?

No

Comments:

cannot agree if i haven't seen them show me

Part C

Q8. 8. Do you have any other comments you would like to make about this plan?

NRW cannot police the effect on humans of numerous poultry farms in the area, so how can they be expected to protect large designated sites elsewhere. NRW do not do their job
