Q14. To what extent do you agree or disagree with the principle of developing Strategic Development Plans prepared at a regional scale?The NDF identifies three overall regions of Wales, each with their own distinct opportunities and challenges. These are North Wales, Mid and South West Wales, and South East Wales.

Neither agree nor disagree

## 9. North Wales (policies 17-22)

Q15. We have identified Wrexham and Deeside as the main focus of development in North Wales. A new green belt will be created to manage the form of growth. A number of coastal towns are identified as having key regional roles, while we support growth and development at Holyhead Port. We will support improved transport infrastructure in the region, including a North Wales Metro, and support better connectivity with England. North West Wales is recognised as having potential to supply low-carbon energy on a strategic scale.To what extent do you agree or disagree with the proposed policies and approach for the North Region?

No opinion

## 10. Mid and South West Wales (policies 23-26)

Q16. Swansea Bay and Llanelli is the main urban area within the region and is our preferred location for growth. We also identify a number of rural and market towns, and the four Haven Towns in Pembrokeshire, as being regionally important. The haven Waterway is nationally important and its development is supported. We support proposals for a Swansea Bay Metro.To what extent do you agree or disagree with the proposed policies and approach for the Mid and South West Region?

Q17. In South East Wales we are proposing to enhance Cardiff's role as the capital and secure more sustainable growth in Newport and the Valleys. A green belt around Newport and eastern parts of the region will support the spatial strategy and focus development on existing cities and towns. Transport Orientated Development, using locations benefitting from mainline railway and Metro stations, will shape the approach to development across the region. There is support for the growth and development of Cardiff Airport. To what extent do you agree or disagree with the proposed policies and approach for the South East Region?

## 12. Integrated Sustainability Appraisal

Q19. As part of the consultation process, an Integrated Sustainability Appraisal (ISA) was conducted to assess the social, economic and environmental impacts of a plan. The report identified a number of monitoring indicators, including health, equalities, Welsh language, the impact on rural communities, children's rights, climate change and economic development. Do you have any comments on the findings of the Integrated Sustainability Appraisal Report? Please outline any further alternative monitoring indicators you consider would strengthen the ISA.

Rhaid rhoi mwy o bwyslais ar y Gymraeg, ar ddatblygu ar draws Cymru gan gymryd i ystyriaeth diffygion amlwg mewn buddsoddiad yn y Canolbarth, y ffyrdd, y gymuned, byd amaeth, iechyd ayyb.

## 13. Habitats Regulations Assessment

Q20. As part of the development of the NDF, a Habitats Regulations Assessment (HRA) was undertaken. The purpose of the HRA process is to identify, assess and address any 'significant effects' of the plan on sites such as Special Areas of Conservation and Special Protection Areas for birds. Do you have any comments on the Habitats Regulations Assessment report?

Dylid parchu gwaith yr amaethwyr sydd wedi gwarchod a diogelu cefn gwlad dros y blynyddoedd a chydweithio gyda hwy a'r asiantaethau i warchod a datblygu i'r dyfodol gan gofio am bwysigrwydd teuluoedd a chymunedau yn yr ardaloedd yma hefyd.

## 14. Welsh Language

Q21. We would like to know your views on the effects that the NDF would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. What effects do you think there would be? How could positive effects be increased, or negative effects be mitigated?

Mae angen i'r Gymraeg fod yn gysylltiedig a phob pwnc, pob datblygiad ac yn wir ym mhob buddsoddiad e.e. addysg, y gymuned, technoleg. Os o ddifrif am weld y Gymraeg yn iaith bob dydd, rhaid cael pawb i fuddsoddi ynddi gan gynnwys cwmnïoedd technoleg, addysg i bob oed, y gwasanaeth iechyd, busnesau ayyb heb anghofio am rai sy'n eithriad ar hyn o bryd fel y banciau.

Q22. Please also explain how you believe the proposed NDF could be formulated or changed so as to have: positive effects or increased positive effects on opportunities for people to use the Welsh language and on treating the Welsh language no less favourably than the English language, and no adverse effects on opportunities for people to use the Welsh language and on treating the Welsh language no less favourably than the English language.

Rhoi yr un hawl i bobl gael defnyddio Y Gymraeg yn gyfartal a'r Saesneg. Rhaid buddsoddi mewn technoleg, addysg a mewn cymunedau lle mae'r Gymraeg yn bodoli ac yn cael eu defnyddio gan rannu ymarfer da.
