INSET: Wig Crossing Cottages

EFL, EFA, EFB, EFD, EFE, EFH | LE7.1
Construction of a flood wall/bund along the southern and eastern boundaries of the Wig Crossing Cottages. Soft construction solution if possible, such as a clawdd with concrete core and hedge on top to minimise visual impact. Tree protection measures according to BS5837:2012 to be used to minimise damage to existing vegetation. New hedge required along eastern boundary for visual screening and amenity. Method of construction to avoid pollution/sedimentation of Stream 5 (Afon Wig).
