Dear James

Cardiff LDP 2006-26: Consultation on Additional Matters Arising Changes (MACs) – WG Response

Thank you for your correspondence in relation to the consultation on proposed additional MACs. We note that the Schedule of Matters Arising Changes is supplemented by SA & HRA Reports.

We recognise your Authority's commitment to achieving a sound LDP and the amount of work by the forward planning team in reaching this stage. The matter of whether the plan is considered 'sound' will be for the appointed Planning Inspectors to determine.

We have **no objections** to the proposed additional MACs under the tests of soundness; the changes, including the Inspector requested change, address the matters raised in our response to the initial consultation on the MACs (23 July 2015).

Yours sincerely

Mark Newey
Head of Plans Branch
Planning Directorate
Department for Natural Resources
