--

Table 1-2 summarises the outcomes of the review of International, European, UK and National plans, policies and environmental protection objectives. This identifies key themes and the implications for the ISA and the NDF illustrating how these link to the development of the ISA Framework.

The Well-being of Future Generations (Wales) Act 2015 goals that are applicable to the themes relevant to the ISA have also been included within Table 1-2. The goals are listed below:

- | | |
|-----------------------|---|
| 1. A prosperous Wales | 5. A Wales of cohesive communities |
| 2. A resilient Wales | 6. A Wales of vibrant culture and thriving Welsh language |
| 3. A healthier Wales | 7. A globally responsible Wales |
| 4. A more equal Wales | |

The 17 ISA Objectives which are used to test the performance of the NDF to enable social, economic, environmental and cultural well-being to be fully considered are also listed below:

- | | | |
|---|---|--|
| 1. To encourage and support improvements in educational attainment for all age groups and all sectors of society to help improve opportunities for life | 7. To contribute to the reduction and management of flood risk | 13. To create opportunities for the protection and enhancement of the local distinctiveness of our landscapes, townscapes and seascapes |
| 2. To contribute to an improvement in physical, mental and social health and well-being for all, including contributing towards a reduction in health inequalities across Wales | 8. To create opportunities to encourage the protection and improvement of air quality | 14. To create opportunities for the protection, conservation and enhancement of the historic environment, historic assets and their settings |
| 3. To create opportunities for an increase in employment across the country and promote economic inclusion | 9. To create opportunities to protect and enhance the quality and quantity of water features and resources | 15. To create opportunities for the protection and promotion of Welsh culture |
| 4. To create opportunities for sustainable economic growth, diversity and business competitiveness | 10. To create opportunities for the improved connectivity of communities and sustainable access to basic goods, services and amenities for all groups | 16. To create opportunities for the conservation and enhancement of biodiversity and geodiversity |
| 5. To contribute towards the future well-being of the Welsh language | 11. To create opportunities within which an improvement in social cohesion and equality can be achieved | 17. To create opportunities for the sustainable management and use of natural resources, taking into account their benefits and intrinsic values |
| 6. To create opportunities within which greenhouse gas emissions can be reduced and limited and encourage energy efficient and sustainable design | 12. To create opportunities for the provision of good quality, safe, affordable housing that meets identified needs | |

Table 1-2 Sustainability Themes linked to ISA Objectives

Themes relevant to ISA of Wales NDF	Relevant Goals ¹	Source					Main SEA Topics	Relevant ISA Objective
		International and European	UK	National	Implications for the NDF	Implications for the ISA		
Maintain and enhance biodiversity, habitats and species with healthy functioning and resilient ecosystems, to make a more resilient Wales and maintain the ability to adapt to climate change through emission reduction targets	1,2,3,5 and 7	The Rio Convention on Biodiversity; The Water Framework Directive 2000/60/EC; Rio Declaration on Environment and Development; Environmental Liability Directive 2004/35/EC; World Summit on Sustainable Development; Convention on the Conservation of European Wildlife and Natural Habitats – The Bern Convention; EU Directive on the Conservation of Natural Habitats and Wild Fauna and Flora – The Habitats Directive 92/43/EEC; Convention of the Conservation of Migratory Species of Wild Animals (1979) – The Bonn Convention; Convention on the Agreement on the Conservation of African – Eurasian Migratory Waterbirds (1995)– The Bonn Convention; Convention on International Trade in Endangered	Safeguarding Sea Life; Mainstreaming Sustainable Development; The Natural Choice: Securing the Value of Nature; Our Seas – a Shared Resource: High Level Marine Objectives; Wildlife and Countryside Act 1981; Environmental Protection Act 1990; Natural Environment and Rural Communities Act 2006; Offshore Marine Conservation (Natural Habitats, &c.) Regulations 2007 (as amended 2010); Conservation of Habitats & Species Regulations 2010 (as amended 2011); The UK Post-2010 Biodiversity Framework; Charting Progress 2: The State of UK Seas; UK National Ecosystem Assessment: Understanding Nature's Value to Society; The Paris Agreement; Joint Nature Conservation	One Wales: One Planet: The Sustainable Development Scheme of the Welsh Assembly Government; Woodlands for Wales Strategy; Wales Biodiversity Framework; Wales Fisheries Strategy 2008; UK Climate Change Risk Assessment 2017 Evidence Report; National Seascape Assessment for Wales; Wales Marine Evidence Report; Taking Wales Forward 2016-2021; Prosperity for All The National Strategy; Planning (Wales) Act 2015; One Wales – A Progressive Agenda for the Government of Wales; SoNaRR; Draft NRP; One Wales: Connecting the Nation; Capturing the Potential: A Green Jobs Strategy for Wales; Marine Renewable Energy Strategic Framework; Rural Development Plan for Wales (2014-2020); Wales Marine and Fisheries Strategic Action Plan; The Welsh National Marine Plan – Initial Draft; Water Strategy for Wales; Surface Water Management Strategy; Final Water Resources Management Plan; Technical Advice Note (TAN) 5: Nature Conservation and Planning; SMP 19 Anchor Head to Lavernock Point (Severn Estuary); SMP 20 Lavernock Point to St. Ann's Head(South Wales); SMP 21 St. Ann's Head to Great Ormes Head (West of Wales); SMP 22 Great Ormes Head to Scotland (North East England & North Wales); Green Growth Baseline Study	The NDF should seek to make the environment and communities more resilient to major environmental problems including addressing declining biodiversity. Section 6 of the Environment (Wales) Act 2016 introduces an enhanced biodiversity and resilience of ecosystems duties for public authorities in relation to the exercise of their functions. The emphasis of the duty is that the consideration of biodiversity and ecosystem are embedded in the early thinking of the development of the NDF. Capturing this duty as an integral part of the NDF development process will be essential. The Plans, programmes and environmental protection objectives seek to conserve and protect	The ISA Framework should include objectives that seek to conserve and enhance biodiversity, species and habitats as part of a wider aim to protect and enhance ecosystems services.	Biodiversity, Flora and Fauna	6, 7, 9, 16 and 17

Improve the health and well-being of the population and reduce health inequalities to create a healthier Wales	1, 2, 3, 4, 5 and 7	Guidelines for Community Noise 1999; Children's Environment and Health Action Plan for Europe; Together for Health - A Strategic Approach for the EU 2008-2013; The Drinking Water Directive 98/83/EC; Environmental Noise Directive (END) 2002/49/EC; The Bathing Waters Directive 2006/7/EC; Seventh Environmental Action Programme to 2020 'Living well, within the limits of our planet' , Habitat III (Quinto) 2016	Cleaner Coasts, Healthier Seas: EA Marine Strategy; Children's Environment and Health Action Plan; Health Effects of Climate Change in the UK 2008 - An update of the Department of Health report 2001/2002; Health Strategy for the United Kingdom; The Health and Safety of Great Britain: Be Part of the Solution; Sustainable Development: The Key to Tackling Health Inequalities; One Future – Different Paths. Shared Framework for Sustainable Development; UK Climate Change Risk Assessment 2017; HM Government Petroleum Act 1998; The Wales Act 2017; The Waste (England and Wales) Regulations 2011	PPW edition 9; Wales Spatial Plan; Play Policy Implementation Plan; National Energy Efficiency Action Plan; One Wales, One Planet; Living Well – Living Independent Lives; The Strategy for Older People in Wales; Third Sector Scheme; Volunteering Policy, Supporting Communities, Changing Lives; Towards Zero Waste; Active Travel (Wales) Act 2013; Active Travel Action Plan for Wales; Well-being of Future Generations (Wales) Act 2015; Together for Health; UK Climate Change Risk Assessment 2017 Evidence Report; A Healthier, Happier and Fairer Wales; Fulfilled Lives, Supportive Communities; Framework for Action on Independent Living; Declaration of Rights for Older People; Taking Wales Forward 2016-2021; Prosperity for All The National Strategy; Social Services and Well-being (Wales) Act 2014; Planning (Wales) Act 2015; Shape Your Future - future trends: Implications for the third sector in Wales; One Wales – A Progressive Agenda for the Government of Wales; One Wales: Connecting the Nation; Designed to Add Value - a third dimension for One Wales; Capturing the Potential. A Green Jobs Strategy for Wales; Rural Health Plan; Marine Renewable Energy Strategic Framework; Sustainable Social Services for Wales: A Framework for Action; Working	The NDF should use the natural resources available to encourage an improvement in physical and mental health whilst promoting healthy and active lifestyles. The NDF should recognise the potential for national green spaces as places for health and recreation, connecting habitats and supporting community interaction. A healthier population could enable people to achieve their potential and to make Wales a more equal society.	The ISA Framework should include a variety of social, environmental, cultural and economic objectives that seek to benefit health and the local community, reflecting the wide range of potential influences that can affect health and well-being within communities. This is likely to be reflected across the whole range of ISA objectives as a key integral cross-cutting theme.	Population, and Human Health	2
