Welsh Government: NDF Engagement Jan/Feb 2017

Esboniwch y mater rydych wedi codi yn fyr ac esboniwch sut gall yr ardal rydych wedi nodi ar y map helpu ymafael â'r mater yma.

Please briefly explain the issue you have raised and how the areas you have identified on the map can help address this issue.

- Deliverability - how to deal with it at this scale.
- Scottish Plan ~~→~~ seems right level of detail?
- Is there anything new?
  - networks
  - areas of search
  - joining up? integration to bring solutions
- What is the economic strategy?
  - > to inform steer in NDF
  - > smart specialisation etc
  - > ~~inward~~ inward investment as way to attract population (to where) (need infrastructure)
  - > projected populations vs aspirational population
  - address depopulation
- Policy gaps eg recent 5G study by UK NIC? what is the picture in Wales 5G in main cities, but need rural connectivity to improve significantly or rural areas will be left behind

## Housing

- Should it be subject to national direction ~~and~~ in terms of identifying strategic areas of growth & possible new settlements?
- regeneration of areas through housing but essential to have fast links to employment
- Failure of local level to address Gypsy Travellers means national gov direction, through NDF, would assist.

- Connectivity,
- Sustainable settlement strategy
- Infrastructure integration pan regionally

Esboniwch y mater rydych wedi codi yn fyr ac esboniwch sut gall yr ardal rydych wedi nodi ar y map helpu ymafael â'r mater yma.

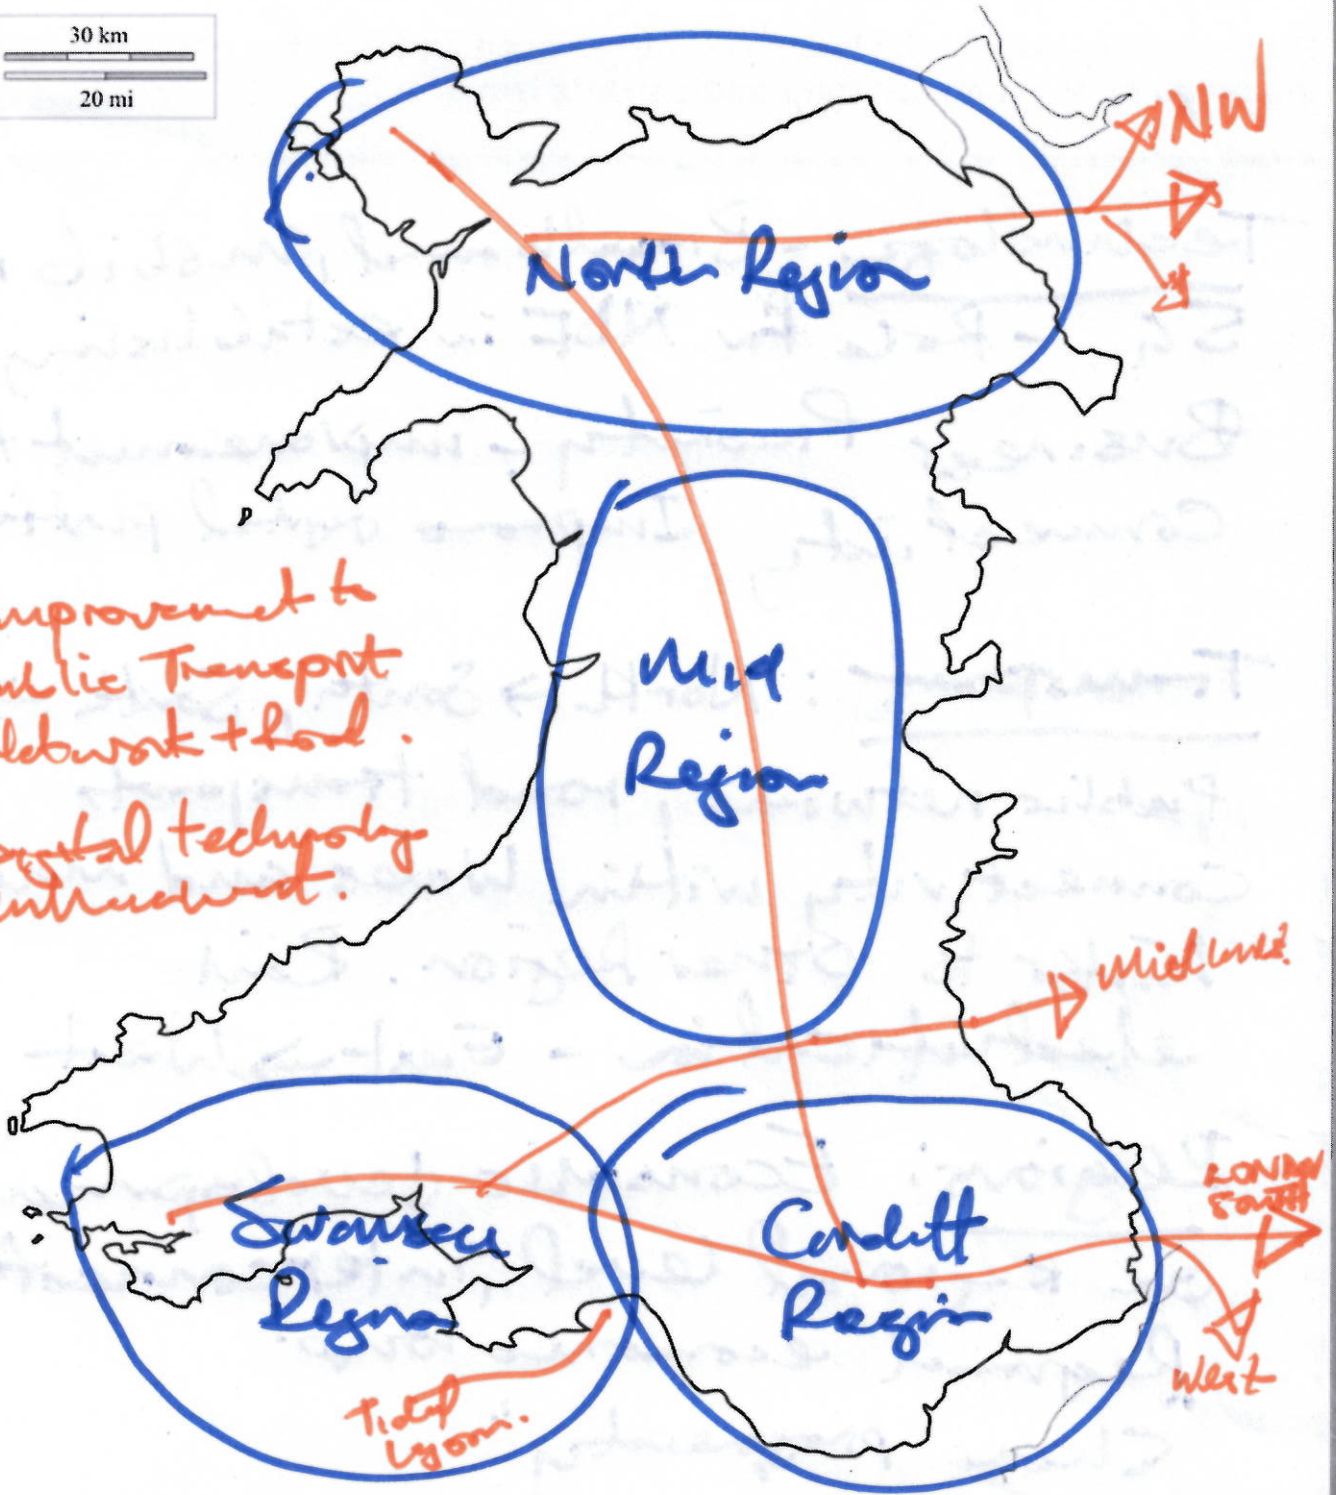

Please briefly explain the issue you have raised and how the areas you have identified on the map can help address this issue.

- Connectivity + Transportation. Need for this to be integrated at national scale + across City Regions of Wales.
- Set an overall economic + housing delivery target for Wales for 5, 10, 15 + 20 years. GVA growth target. Household growth level. Delivery of overall housing number for Wales for market + affordable not just affordable housing which is always the focus of the Welsh Government
- For the regions of Wales look to steer development to key cities + towns with a coherent spatial strategy + accessibility strategy. Set a target for regions of Wales to deliver level of development within their SDPs.
- Link City Regions + City Deal to regeneration initiatives + overall areas of Wales that need public sector investment in order to support development.

- Improvement to Public Transport Network + road.
- Digital technology enhancement.
