Thank you for your patience [Gatenbysanderson Official], it appears the application folders are all working, so you should be able to see them there. Let me know if you have any difficulties or need anything more.

I'm still having trouble uploading to the Panel folder, but all the papers have been circulated by email.

Hi [Gatenbysanderson Official], I'm really sorry but I cannot get the portal to work. I've asked our record keeping team and IT team to look into it. I'll keep you updated.

Thanks [Gatenbysanderson Official] – I know these portals can be a bit temperamental and sometimes it just takes a little bit of time for documents to sync. Hopefully that's the case here!

Thank you [Gatenbysanderson Official], I feared that's what you would say. There several others added, but don't seem to have synced yet. This doesn't bode well for the applications.

I'll let you know how I get on with those before I log off for the day.

Would you mind checking the panel folder on the portal and see if you can see the agenda for tomorrow's meeting. I've added all the documents, inc the two circulated by [Name removed] earlier today, but only some are showing to me as uploaded. The agenda doesn't seem to be, for example.
