Dear ,

ATISN 15386 – COVID-19

Thank you for your request to the Welsh Government for information under the Freedom of Information Act (2000) received on 4 August.

You requested the following information:

An actual official scientific report/document which has purely isolated COVID-19, and also sequenced the genes of COVID-19 using the method commonly referred to as Koch-Postulates in a controlled lab setting.

The Centre for Disease Control and Prevention have successfully managed to isolate the COVID-19 Virus. I have attached a paper below on this matter which you can view here: <https://www.cdc.gov/coronavirus/2019-ncov/lab/grows-virus-cell-culture.htm>

If you have any queries about this request, please do not hesitate to contact me at the address below. Please remember to quote the reference number above in any future correspondence.

Please note: the Welsh Government is facing unprecedented challenges during the coronavirus (COVID-19) pandemic.

As a result resources, both finances and people, are being diverted away from many of our usual activities to deal with the pandemic. This will undoubtedly impact on our ability to comply with the normal requirements for information rights work and as a result you may experience delays when making information rights requests during the pandemic. We thank you for your understanding during this time.

The following is a link to the blog page of the Information Commissioner's web site where you can find an article entitled "FOI and the coronavirus: a measured approach"
