Dear Cabinet Secretary,

Re: We Need to Talk Coalition Cymru: Investing in Psychological Therapies Report Launch - Tuesday 4th October 2016

On behalf of the 'We Need to Talk Coalition Cymru', I am writing to invite you to attend and speak at the launch of a major new report calling for improved access to psychological therapies for people with mental health problems and more effective outcomes data.

The 'We Need to Talk Coalition Cymru' is a group of mental health charities, professional organisations, service user representatives and service providers working together to promote the effectiveness and availability of psychological therapies in Wales. While we very much welcome the recent investment, high priority and commitment that the Welsh Government has given to mental health services, together we are calling for the maintenance and development of these treatments on the NHS in Wales, greater choice of therapy and improved access to services, including those in the medium of Welsh.

The launch will take place at the Pierhead Building, on Tuesday 4th of October, 12 for 12.30pm and we would be delighted if you were able to speak at the event. We will of course send you a copy of the report prior to the launch.

I would be grateful if you would respond to my colleague [REDACTED SECTION 40](#)

I look forward to hearing from you.

Yours sincerely,

REDACTED SECTION 40
