

The Future of 'Doing Good'

The opportunities for communities in Wales

As a funder, the Big Lottery Fund wants to make great choices for communities the length and breadth of Wales.

Yet we know, that with diminishing budgets, and changes to society we need to think differently about how we can support people and communities flourish.

The Big Lottery Fund and the Bevan Foundation invite you to the launch of a national conversation on what 'doing good' in our communities could look like in the future.

It's also an opportunity to meet and hear from community groups, charities and social enterprises from across Wales who are champions of 'doing good' in their communities.
