Hi

Hope you are well.

Are you involved in the discussions around DfEs plans for a Queen's Platinum Jubilee commemoration book for children in Primary Schools.

Just wanted to know what the Scottish Governments line is with the proposal – is it something you are supporting?

I am meeting DfE next week and I want to make sure I know what other devolved governments views are before I agree anything.

Best Wishes

Hi

Hope you are well.

I presume you have received a request from DfE in relation the jubilee book.

Can I ask how you are approaching this and how you are sending feedback back?

Are you happy with the Scottish element within the book?

Best Wishes
