

DARPL Funding

The Diversity and Anti-Racist Professional Learning (DARPL) Project has been fully funded by the Welsh Government since 21/22. Funding is awarded to Cardiff Metropolitan University via a Welsh Government grant scheme to support ongoing national roll-out. Details of grant funding allocations are provided below:

21/22 £147,701

22/23 £175,850

A number of partners and individuals are contributing to DARPL on a voluntary basis in view of their lived and professional experiences of racism and therefore are not in receipt of grant funding.

Details of individuals and groups involved in DARPL

The [DARPL virtual campus](#) is regularly updated to provide details of the constantly evolving coalition of partners involved in this project. There is an **open call** for new partners to become involved in DARPL as highlighted on the DARPL virtual campus:

We welcome questions, ideas and requests for partnership involvement.

—
Please contact us to access, explore and support shifting professional learning in a non-racist to anti-racist sphere through:

- Our live sessions, research and resources.
- Signposting for working with us in DARPL and with our individual partners in the development of your own professional learning.
- Joint delivery.
- Challenging and supporting professional practice and learning through dialogue and action.
- Making use of Team DARPL in a consultative capacity.
- Localised engagement to support reform across Wales.

Details of current groups/individuals involved in DARPL is provided below:
