Subject: RE: Urgent Internet Update Announcement for Under 12m vessel monitoring

Hi REDACTED, I'm assuming this is an email you are sending out to all stakeholders. If I am to publish it on this page I would need to edit it fairly extensively as it is not written as web text and therefore not compliant with our style guide.

What I can do is publish it as a separate HTML document and then add a link to the document from this page: <https://www.gov.wales/wales-inshore-vessel-monitoring-systems-ivms-fishing-vessels-under-12m>.

Could you send me a brief title for the document. I'll need a little bit more than important update for the document page – something along the lines of:

Vessel Monitoring System for under 12m vessels (iVMS): important update
Important advice for fishers regarding the system's MS44 device.

Let me know what you think.

Thanks,

REDACTED

Subject: Urgent Internet Update Announcement for Under 12m vessel monitoring

Importance: High

Hi REDACTED

The attached needs to be uploaded onto our website here:
<https://www.gov.wales/wales-inshore-vessel-monitoring-systems-ivms-fishing-vessels-under-12m>.

We need a heading to say "Important Update"

This is urgent and needs to be uploaded as soon as possible, grateful if you could let me know how soon it can be done. I will also need to update our FAQ's page here:

<https://www.gov.wales/inshore-vessel-monitoring-systems-ivms-fishing-vessels-under-12m-frequently-asked-questions-html>.

but will need to send to translation first so may be tomorrow or early next week.

Thanks

REDACTED
