**Subject:** RE: Waunfawr Radio Transmitter Station

Hi,

I've drawn a draft scheduling polygon as suggested and attach an image of it for info/discussion. Also attached is the site plan as featured in GAT's report, for comparison.

The polygon will need tweaking according to what we decide about the annotations, and of course what is discovered during field survey in due course, but it's something to be going on with, happy to share the GIS files too if you want them.

Cheers,
