## Annex 1

Additional question received in clarification letter dated 20 November 2023.

Please explain in what way the Welsh Assembly differs from the Welsh Government, what their individual roles are and which of these two form part of the Treasury.

The Independent Commission on the Constitutional Future of Wales produced accessible material explaining the difference between the Senedd and the Welsh Government (more information can be found here <a href="https://www.useyourvoice.wales/what-does-the-senedd-do">https://www.useyourvoice.wales/what-does-the-senedd-do</a>)

I can also confirm that the Welsh Treasury is a Directorate of the Welsh Government.

With regard to The United Nations, The World Health Organisation and the World Economic Forum, no.

With regard to NGO's, we have been unable to determine if any information is held on funding given the definition NGO is too broad a term (and is not included as a description on our finance system). If you are able to provide further clarification on which NGO's you are seeking information upon, a further search for information can be carried out.

2. Do any of the five points above fall within the 2021/2030 Agenda for Sustainable Development or the United National's UN Sustainable Development Goals?

No. The Sustainable Development Goals (SDGs), also known as the Global Goals, were adopted by all United Nations Members states in 2015. More information on the United Nations Sustainable Development Goals can be found here <a href="https://sdgs.un.org/goals">https://sdgs.un.org/goals</a>

3. Did the Welsh Assembly (amended to Welsh Government) receive any funding directly or indirectly from either the United Nations, the World Health Organisation, the World Economic Forum or any other NGO (Non-Government Organisation), or other organisation to assist businesses and members of the public during the lockdowns that took place during the pandemic? If so, form which organisation was the funding received?

With regard to the United Nations, the World Health Organisation and the World Economic Forum, no.

During the course of the pandemic, EU funds were applied through the Welsh Government to supporting business through pre-existing operations and organisations. This consisted primarily of Small and Medium Sized Enterprises (SMEs) support through Business Wales services and access to finance for SMEs provided through the Development Bank for Wales.

With regard to NGO's, please see the position as set out in question 1.

No.

18. Does the Welsh Assembly (amended to Welsh Government) receive any money or funds from local councils/authorities in Wales, through their procurement of council tax revenue, which is then partly used to fund or purchase arms to other countries. If so, what percentage of the council tax is used to purchase these arms?

No. None of the revenue raised by local authorities through council tax is passed to the Welsh Government or the Senedd Cymru. Each local authority sets its own annual budget and council tax level according to its assessment of its need to spend on local services.

The Welsh Government has not issued a municipal primer. More information is available at: Local government | Sub-topic | GOV.WALES

21. Please verify whether this municipal primer (local authority primer) was a non-binding agreement.
