Pwnc | Subject: Gilestone Farm, Talybont on Usk LD3 7JE (ref. JD2678)

Dear Minister,

I'm writing to seek your reassurance that the economic development plan for Gilestone Farm will be subject to due diligence and the confirmation of aligned values and outcomes.

As I am sure you are aware, there is concern at the development, although a sizeable majority in the community recognise its value.

My constituents are seeking assurance that Gilestone Farm will generate economic opportunities for the area, whilst equally considering the delicate balance of environmental and social impact of such a project in a rural location. Are you able to confirm that this will be the case?

Yours sincerely,

Jane Dodds MS
