Dear

### **ATISN 20095 – Biomass power stations**

Thank you for your request which I received on 16 January 2024. You asked for the following information in an Excel spreadsheet:

Biomass power stations currently operating in Wales, including:

- name of their operator
- the amount of energy they currently produce
- source of their biomass (e.g. wood pellets, timber industry waste-wood)

### **Our response**

The information we hold is attached which lists the name of operator and their generation capacity. We do not hold information on the source of biomass. Please also see our [Energy Generation in Wales 2022](#) report, which answers some of your question.

### **Next steps**
