

11 March 2024Dear

Request for information - ATISN 19276

Your request

You asked for the following information, following a clarification response:

Please provide me with the documents following that example, for Denbighshire, Flintshire, and Wrexham. Please also provide me with any other documents which fall under the scope as clarified:

This would include any documents considered or produced by Welsh Government which:

- Review the value for money for any Active Travel project in the relevant counties*
- Review usage of any Active Travel project in the relevant counties*
- Review feedback (public, stakeholder, or other) for any Active Travel project in the relevant counties*
- Reviews which are significantly related to Active Travel in the relevant counties (for example where the review relates to transport more generally, but not where the review is related to road/rail/or similar)*
- Reviews which relate to Active Travel investments generally but which include information relevant specifically to these counties*

This is not an exclusive list. My request is in order to see how Welsh Government has been reviewing the effectiveness of the Active Travel projects put in place to Local Authorities after the funding has been allocated. To reiterate, my request includes documents considered by or produced by Welsh Government which would include reports undertaken by local authorities but submitted to Welsh Government for review.
