Thanks WG Officer 8<redaction s40(2)>

I wonder if we should work through a streamlined, less duplicative approach- so we funnel all this through the EM mechanism? If you are agreeable- then if you can update- and we are happy to offer a professional clinical view if required. If you can always cc us into the updates, that will be appreciated.

Just read this and quite helpful – shall we update the MHSS and FM, shall my side do that or will you lead?

Hi WG Officer 8<redaction s40(2)>

Please find attached the following documents relating to the independent review of our maternity and neonatal services:

- Board paper
- Press release
- FAQs document

All three documents will be published on our website and intranet tomorrow morning and the press release and FAQs will be shared with our local MSs.

I hope you find this helpful. Let me know if you have any questions.

In the meantime, grateful if you could share as appropriate with colleagues.

With regards,
