## Questions

Q4. Q1. Should the additional days granted by Class A of Part 4A be retained permanently, permitting temporary uses to take place for up to 56 days (28 days for specified uses) in a calendar year?

Yes

#### Comments:

Living in a rural village, many houses aren't available as long term rentals, or house prices too high. I don't believe we can blame holiday home owners without supplying a alternative for holiday accommodation

Q5. Q2. Do you have any evidence as to any benefits and impacts as a result of introducing the additional number of days for temporary uses to take place since April? If yes, please specify.

Yes

#### Comments:

A campsite opened in our village this summer and the impact it had on the pub and shop on the village was amazing.

The local businesses were promoted and thrived because of the boost in tourists.

As long as it's capped to a certain amount and doesn't become a huge 'tent city' I don't see the issues.

They also had bell tents which slept 4 people, composting toilets, cold showers and bbqs per tent.

Q6. Q3. Do you have views on whether there should be additional restrictions on the use of this PDR to mitigate against potential impacts of making this permanent? If yes, please specify.

No

Q7. Q4. Should the number of days for holding a market generally be extended? If Yes, what is an acceptable number of days for holding a market? What conditions should apply to manage the planning impacts?

Yes

**Comments:**

56 days I feel is enough.

We can utilise the 'good weather' period. And it covers the summer holidays

Q8. Q5. Should any additional days over the permitted 14 days be provided for markets operated by or on behalf of a local authority?

Other

Q9. Q6. Do you agree the permitted changes of use within town centres should become permanent? If not, please provide your reasons for disagreeing.

Q10. Q7. Do you agree the permitted development right for the use of the highway adjacent to a hospitality use for that purpose should be made permanent? If not, please provide your reasons for disagreeing.

Q14. Q11. Do you have any comments regarding Part 12A?

Q15. Q12. Do you agree that HMOs should not benefit from permitted development rights for alterations and extensions to a dwellinghouse granted by Part 1 of the GPDO? If not, please provide your reasons for disagreeing.

Other

Q16. Q13. Do you agree with the proposed alterations to Class F? If not, please suggest alternative approaches, restrictions or thresholds that could be adopted.

Yes

Q18. Q15. Do you agree with reintroducing permitted development rights for the protection of poultry and other captive birds?

Other

Q19. Q16. Do you agree with the proposals for amending Article 4 directions?

Q20. Q17. We would like to know your views on the effects of the proposals would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English.

What effects do you think there would be? How could positive effects be increased, or negative effects be mitigated?

The campsite that was in our village had bilingual signs and the owners spoke to all of the children in Welsh, teaching them new phrases every day

Q21. 18. We have asked a number of specific consultation questions. If you have any related issues which we have not specifically addressed, please use the space below to raise them.
