Questions

Q4. Q1. Should the additional days granted by Class A of Part 4A be retained permanently, permitting temporary uses to take place for up to 56 days (28 days for specified uses) in a calendar year?

Yes

Comments:

Having the ability to have temporary 56 day use of our two small meadows as a boutique campsite ensured that running such was financially viable. 28 days is, unfortunately not long enough to cover the extra costs associated with running even a small campsite, unless we were to offer a very basic option.

Q5. Q2. Do you have any evidence as to any benefits and impacts as a result of introducing the additional number of days for temporary uses to take place since April? If yes, please specify.

Yes

Comments:

The additional days (56 days in 2021) allowed [REDACTED] to set up a festival themed boutique campsite during the school summer holidays. This ensured over 2000 holiday makers were able to visit Wales, who otherwise would not have visited as everywhere was fully booked. Most stayed with us for 2 or 3 days, spending money on trips out to tourist venues, shops and other attractions in Wales.

Q6. Q3. Do you have views on whether there should be additional restrictions on the use of this PDR to mitigate against potential impacts of making this permanent? If yes, please specify.

No

Comments:

We found that we were fully booked and enjoyed return guests (and yes ... we were only open from 16 July - 5 Sep 21, and had never run a campsite before). This was because we offered top standards and our guests were spoilt. We do know of other 'pop up' campsites that were not very good and so had few bookings. Potential guests do read reviews, so bad sites will not do well.

Q7. Q4. Should the number of days for holding a market generally be extended? If Yes, what is an acceptable number of days for holding a market? What conditions should apply to manage the planning impacts?
