Dear

ATISN 23220

Thank you for your request which I received on 31 December 2024. I have included at Annex 1, the questions you submitted and my response to each. **Please note**, the information provided is for Welsh Government's IT Services division (only). Other areas of Welsh Government have other plans and budgets.

If you are dissatisfied with the Welsh Government's handling of your request, you can ask for an internal review within 40 working days of the date of this response. Requests for an internal review should be addressed to the Welsh Government's Freedom of Information Officer at:

Information Rights Unit Welsh Government Cathays Park Cardiff CF10 3NQ

or e-mail: Freedom.ofinformation@gov.wales

Please remember to quote the ATISN reference number above.

You also have the right to complain to the Information Commissioner. The Information Commissioner can be contacted at:

Information Commissioner's Office Wycliffe House Water Lane Wilmslow Cheshire SK9 5AF

Telephone: 0303 123 1113 Website: www.ico.org.uk

However, please note that the Commissioner will not normally investigate a complaint until it has been through our own internal review process.

Yours sincerely

Annex 1

1. The allocated budget for ICT in the next fiscal year.

The IT budgets for Financial Year (FY) 25/26 have not yet been confirmed.

The budget allocation for FY 24/25 was as follows:

Budget Area Budget	
IT - Revenue	£10,071,000
IT - Capital	£5,221,000

2. A breakdown of planned spending within the ICT budget, including major projects or initiatives identified by name.

The following table represents the starting position in terms of planned Revenue spend, which is mainly based on historical spend information. This will continue to be reviewed and updated prior to the start of the new Financial Year and is therefore subject to change.

Area of Spend	Indicative Spend
Microsoft Licenses and support	£3,775,874
Microsoft Azure usage	£3,354,000
Software licensing and support	£607,956
Infrastructure licensing and support	£2,694,516
End user hardware (ad-hoc), licensing & support	£136,484
Other (resource, training and consultancy)	£2,012,989
PROJECTS:	£2,018,015
- CRM Legacy Upgrade Programme	
- Corporate Print Solution Replacement	
- WG Call Center Solution replacement	
Total	£14,599,834

Please note that internal staff costs are managed separately and are therefore not included in the above.

The IT Capital budget typically covers laptop and other hardware purchases. This will be planned in more detail once the IT Capital budget has been confirmed for FY 25/26 (historically this has fluctuated more than the revenue budget).

3. Any documentation or reports that outline your ICT priorities or strategies for the next fiscal year. If this information is available in a summarised or report format, please provide the document(s) directly.

The 'DDaT Programme of Work' includes projects that DDaT are planning to deliver in additional to business projects that DDaT are planning to support. The current list of projects is included below.

Please note that this project list is subject to change and will be reviewed and prioritised once WG budgets have been confirmed for FY 25/26.
