Dear XXXX

**Gaerwen Wind Farm - EIA Scoping
Land north west of Llandrillo, Denbighshire**

Thank you for your letter of 9 July 2021 asking for Cadw's view on the scope of the Environmental Impact Assessment (EIA) for the proposed development described above.

Cadw, as the Welsh Government's historic environment service, has assessed the characteristics of this proposed development and its location within the historic environment. In particular, the likely impact on designated or registered historic assets of national importance. In assessing if the likely impact of the development is significant Cadw has considered the extent to which the proposals affect those nationally important historic assets that form the historic environment, including scheduled ancient monuments, listed buildings, registered historic parks, gardens and landscapes.

These views are provided without prejudice to the Welsh Government's consideration of the matter, should it come before it formally for determination.

Our records show that the historic assets listed in Annex A are potentially affected by the proposal.

A scoping document has been prepared for the environmental impact assessment by RSK and cultural heritage is covered in section 3.3. In general we agree with the proposed method of assessment but in our opinion the study area for grade II listed buildings should be extended to 5km given that these are National designations.

Mae'r Gwasanaeth Amgylchedd Hanesyddol Llywodraeth Cymru (Cadw) yn hyrwyddo gwaith cadwraeth ar gyfer amgylchedd hanesyddol Cymru a gwerthfawrogiad ohono.

The Welsh Government Historic Environment Service (Cadw) promotes the conservation and appreciation of Wales's historic environment.

Rydym yn croesawu gohebiaeth yn Gymraeg ac yn Saesneg.
We welcome correspondence in both English and Welsh.

BUDDSODDWR MEWN POBL
INVESTOR IN PEOPLE

We agree that as the proposed development is not inside a registered historic landscape an ASIDOHL assessment is not required. Instead the impact of the proposed development on the setting of the registered historic landscapes should be considered using the guidance given in “The Setting of Historic Assets in Wales”.

Yours sincerely

XXXX
