Subject: Abortion care legislation in Wales

Dear **Redacted** and dear **Redacted**,

Further to my earlier mail I have got the formal CMO Scotland letter on the subject of where the second part of medical abortion treatment can be taken.

The Buzzfeed article is equally informative and provides a neat factual summary.

<https://www.buzzfeed.com/laurasilver/women-in-scotland-could-soon-be-able-to-take-the-abortion>

Please comment, can we do this in Wales to benefit women here, too?

Warm wishes
