To whom it may concern

MCL126 – Cefn Rudd, Llanuwchllyn

The purpose of this letter is to state what grazing rights are on the Common Land Register for MCL126 Cefn Rudd, Llanuwchllyn as of today 29.09.2022. Please note however there may have been changes in ownership over the years where applications have not been made to update the register.

For ease of identification I have marked the attached copy of the register map with 1, 2 and 3 and I have noted which areas relate to each entry below.

Entry 1 (replaced by Entries 4 and 5 and 11 and 13) Rights in Gross

"The right to graze at all times 155 sheep over the land comprised in this register unit as far as the area bounded in the North by the line A-B on the register Map"

Rights to graze therefore over areas 2 and 3

Entry 2 (replaced by Entries 6 and 7) Rights attached to Farm and land known as Cae Poeth, Llanuwchllyn

"The right to graze at all times 75 sheep over the land comprised in this register unit but not over the area in the South bounded by the line C-D on the register map."

Rights to graze therefore over areas 1 and 2

Entry 3 (replaced by Entries 8 and 9) Rights attached to Farm and land known as Nantllyn, Llanuwchllyn

"The right to graze at all times 60 sheep over the land comprised in this register unit as far as the area bounded in the North by the line A-B on the register map."

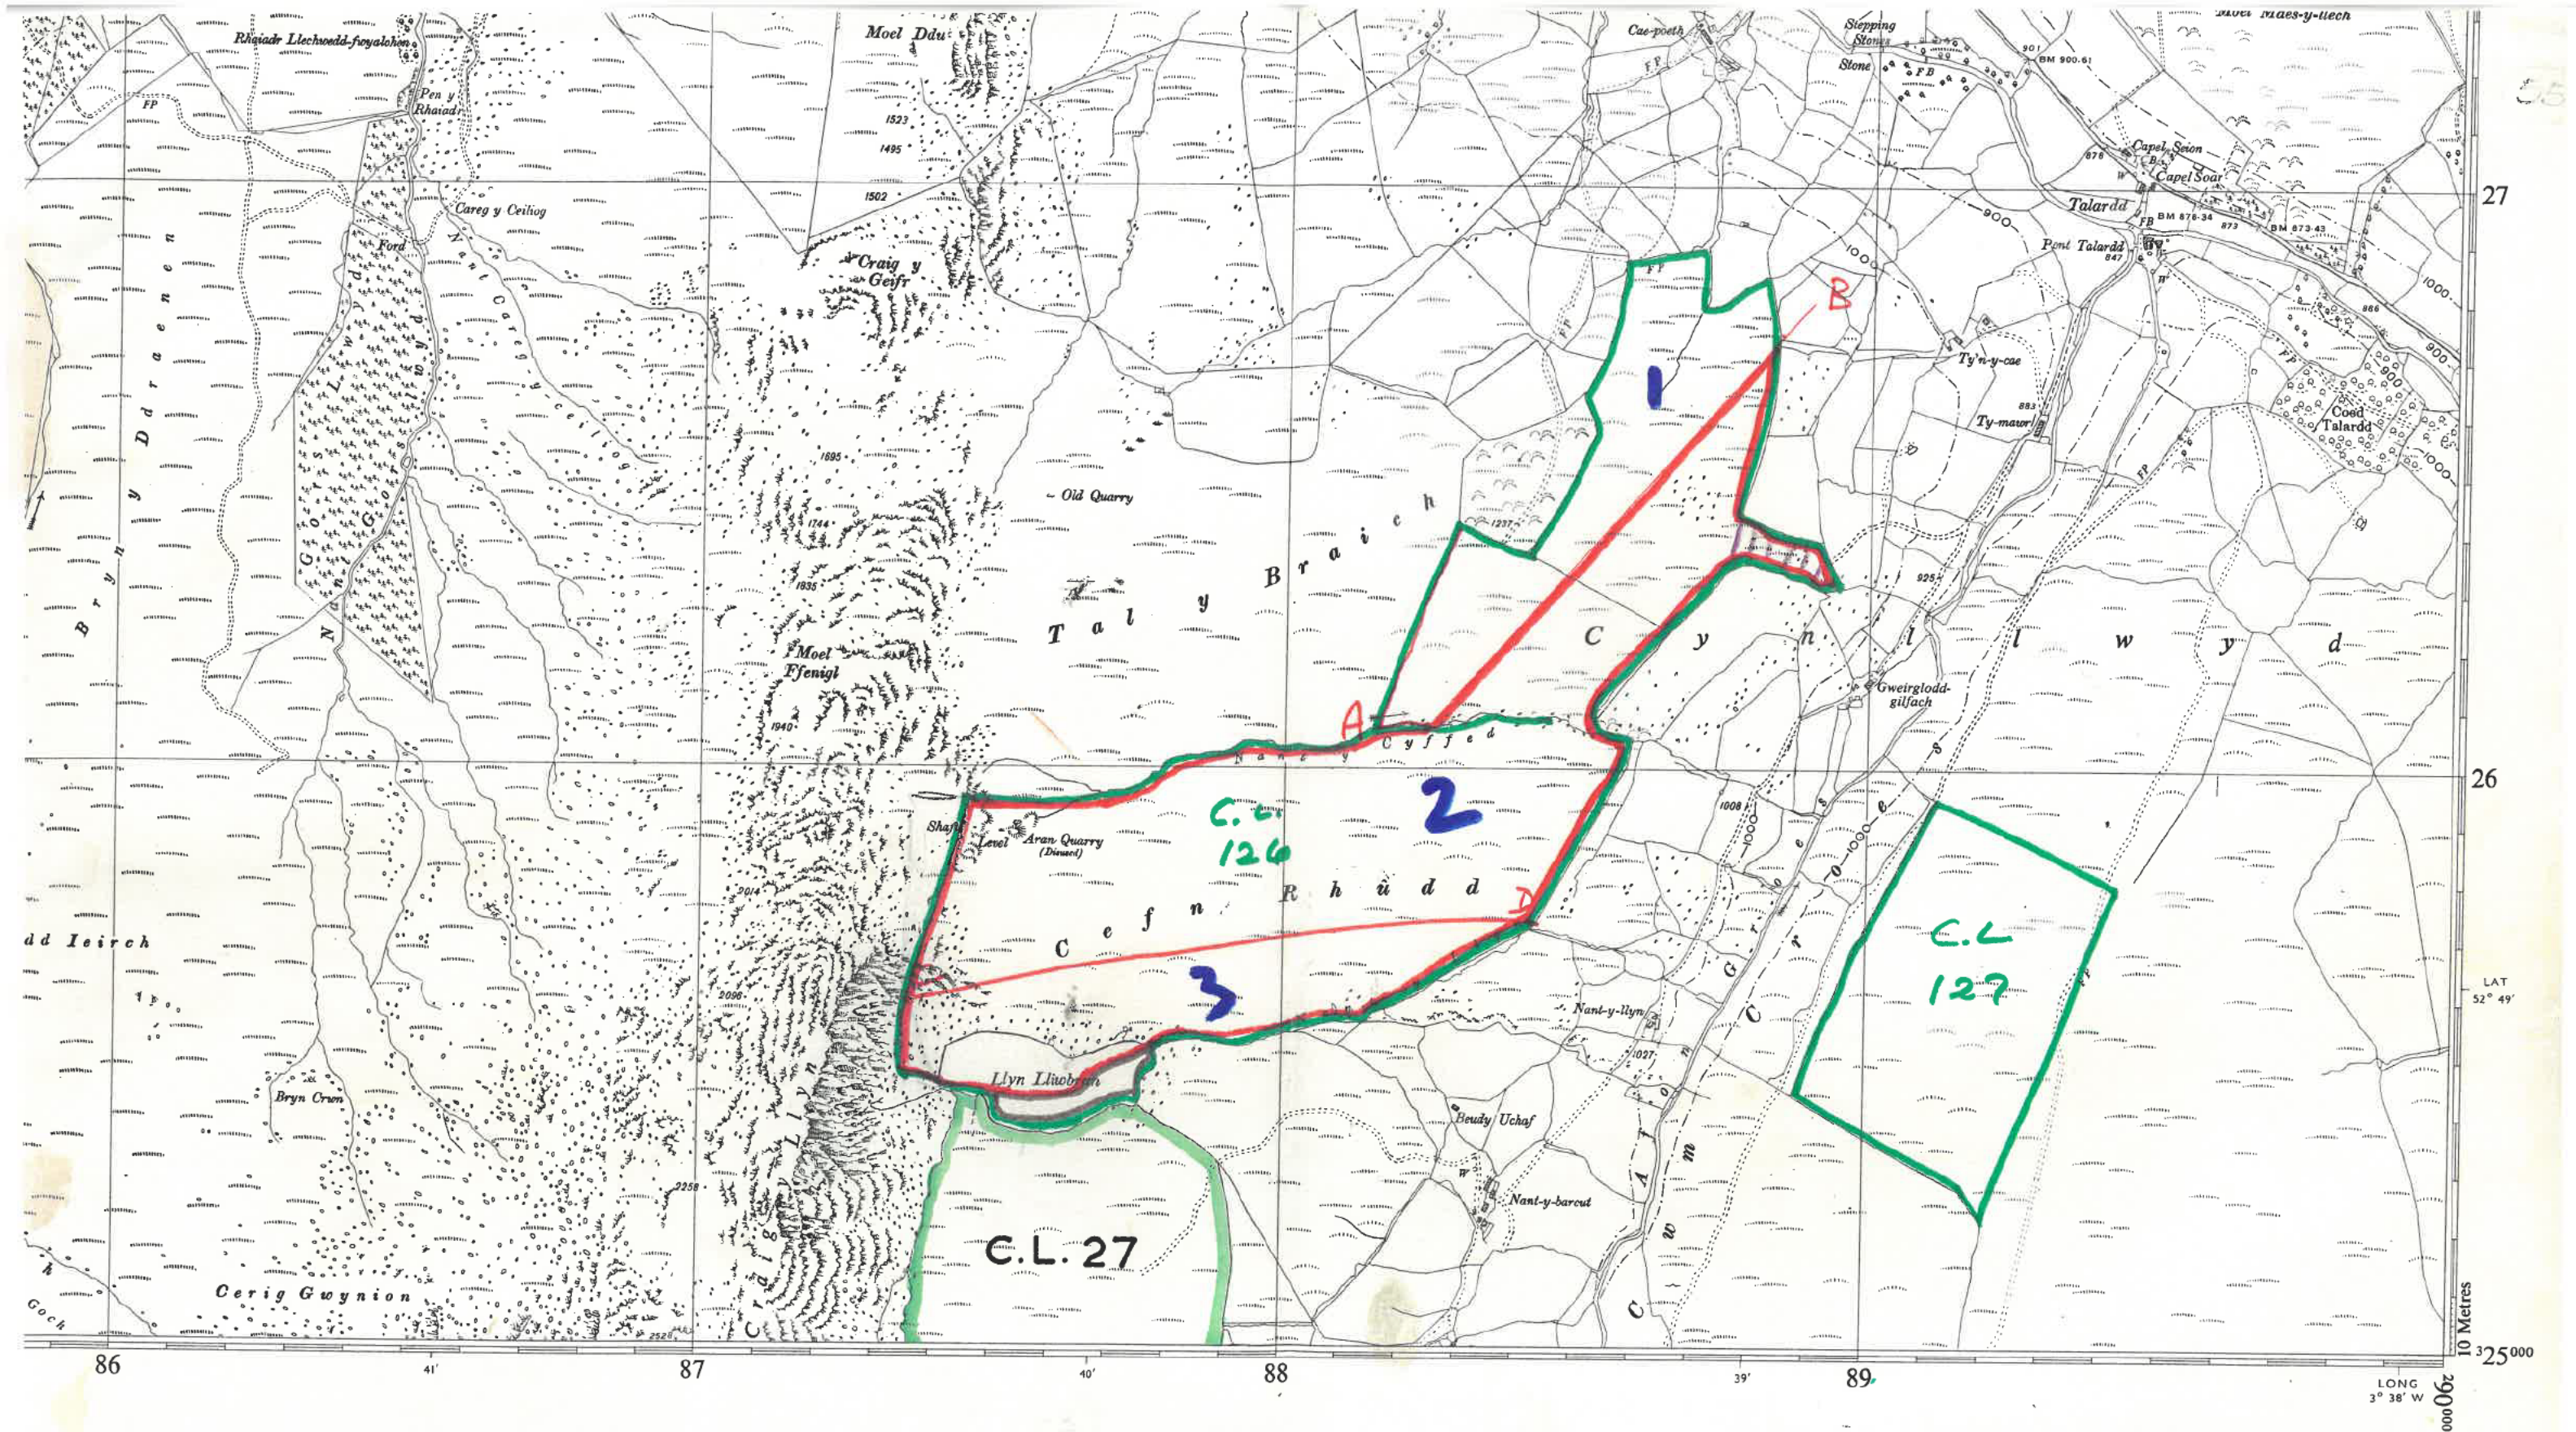

Rights to graze therefore over areas 2 and 3

I hope this helps to clarify which entries have the right to graze over the different areas of the common.

Yours sincerely

THE NATIONAL GRID TO GIVE A GRID REFERENCE CORRECT TO 100 METRES

EXAMPLE Nant-y-llyn
The Grid Letters on this sheet are SH

EAST	NORTH
Take west edge of kilometre square in which point lies and read the large figures printed opposite this line on north or south margins. Estimate tenths Eastwards	Take south edge of kilometre square in which point lies and read the large figures printed opposite this line on east or west margins. Estimate tenths Northwards
88 6 886	25 5 255
Full 100 Metre Reference SH 886255	

The above Full Reference is unique. For many purposes the first grid letter can be omitted, giving a reference, H 886255 which recurs at intervals of 500 Kilometres. If both grid letters are omitted, the resulting reference 886255 recurs at intervals of 100 Kilometres. When the area concerned is sufficiently restricted, as will usually be the case with maps on scales of one inch to the mile and larger, both the grid letters are normally omitted.
