Dear Consultee

Pembrokeshire Coast National Park Authority Consultation on Camping and Caravan Site Developments

I am writing to inform you that the Pembrokeshire Coast National Park Authority are seeking your views on the best way forward for the Authority to address camping and caravan development in the Pembrokeshire Coast National Park.

The National Park Authority have prepared a background paper which sets out a number of options to manage new camping and caravan sites. The Authority's preferred option is to introduce an Article 4 Direction to remove permitted development rights for 28-day camping and caravan sites (**Option 3**). Alongside this Officers of the Authority consider that increasing engagement with permitted development site operators, particularly Exempted Organisations by introducing a voluntary Code of Conduct / Working Protocol could improve and enhance standards and effective working practices (**Option 2**). We welcome your views on the proposed options to inform the future action the authority will take.

Please see the attached correspondence for information on how to view or download the documents and on how to submit comments.

The consultation period will run until **5.p.m on Friday, 20 September 2024.**

Yours faithfully,
Strategic Policy
