Subject: RE: Corbett

Thanks Aimee,

There might be a typo in this letter which I think should refer to Zone 2 rather than Zone 3. The letter is dated 12 August so presumably Lichfield's comments are due today?

It would be helpful if this was published on the online portal, or otherwise disclosed [REDACTED]
[REDACTED].

Thanks

-Mike

Mike,

Attached is a letter from Eryl to Lichfields requesting additional, quite extensive, details on the LBC for Corbett Arms. This must be returned within 14 days and the letter states that a second consultation period will be required once the information has been submitted.

I have asked if this letter will be posted on the Gwynedd website/LBC application for public view – Eryl has said previously that it will be, but I just checked and its not available yet.

I have saved a copy in ishare.

Best wishes,
Aimee.

Good morning Amy,

Here is a copy of the letter that was sent out to the agents last week.

Many thanks for the report – much appreciated.
