Hi [REDACTED],

For information just in case this hasn't come your way.
NPT commissioned investigation/assessment of godre graig quarry.
This was raised by [REDACTED] at the last tech group meeting for us to replace the geometry in our data with the surveyed boundary.
I'll be taking a look at the implications of this compared with our data holdings/method etc.

Obviously we wouldn't ordinarily change DMW ahead of the next update....

Regards
