Dear

ATISN 26850 - Winter 2026 Energy Exposure

Thank you for your request which I received on 30 March. You asked for:

As of 23rd March 2026, for the period Winter 2026 (1-Oct-26 to 31-Mar-27), what approximate percentage (%) of your organisation's expected energy consumption remains unsecured / exposed to market pricing, please confirm:

- Organisation Name
- Electricity %
- Gas %

Our response

In relation to the Welsh Government's administrative estate, we purchase all our utilities via Government Commercial Agency (GCA) arrangements, with a fixed pricing element albeit set each year. There is 0% 'unsecured'.

Information from Fisheries, Control and Enforcement confirmed that 100% of their expected electricity consumption remains unsecured/exposed to market pricing (two small lockup units and shore power for two fisheries patrol vessels).
