I sent a copy of the video to one of the Chester zoo staff who did the training course last year. He has asked for dimensions of the bowl on the right side so we can gauge size of the animal in the footage. Also is it possible to get copy of the badger footage caught on the camera or any footage of anything else that's been caught? A footage of a person standing at the back by the plant pot would also be useful.

Regards

This is an email from the Dyfed-Powys Police Intelligence Management System.

FYI

Looks like you have a big cat on your patch.
