---

[REDACTED] - seen on the 21<sup>st</sup> of January 2023 around 10pm on Norchard Road, Manorbier. All black and larger than an Alsatian dog with long tail. Crossed from one side of the road to the other in front of reporters car. 7/8 feet away. I spoke with caller on the phone.

[REDACTED] – seen on the 25<sup>th</sup> of November 2022 around 11am. While walking her dog in an area called fairy woods, Cold Blow. She saw a cat like animal, much larger than a domestic cat sat in undergrowth near a stream. It had its teeth and gums exposed but didn't move while her dog was barking at it. This call was sent to the Neighbourhood policing team for info.

There have been a few reports of livestock attacks within around 6miles of each sighting over the last six months.

[REDACTED]

Can you please send some further details re these sightings – who saw them and their contact details, when – date and time, location of sighting and what did they see. Hopefully there's a bit more info apart from big, black cats. What size were the cats, how far away were they. Are there any photos? Were any livestock kills reported? Did Police visit site?

Many thanks

**Subject:** Big Cat sighting.

Hi, we have had two big cat sightings in the last 2 months, both reported as a big black cats.

[REDACTED] Cold Blow, Narberth.

[REDACTED] Norchad Lane, Manobier, Tenby.

Let me know what information you require?
