Morning [REDACTED] yes based on previous experience this invite will have gone to a number of Ministers, if not all. Event Wales does not currently fund the event so we'd agree with your advice to decline the invitation . There is no business rationale to support acceptance/attendance from our side.

Subject: DC-LGRRS-0594-26 - JOINT ADVICE - Green Man Festival

Good Morning,

We have received the following DC from TCWCMCS, DFMSJE and CMRRS (with the possibility more ministers have received the invitation) and I was hoping if both Creative and Events could look at the advice,

We're due to advise a decline but please flag if you consider a priority from your perspective and any broader input you might have,

Kind Regards,
