Dear Sirs

NATIONAL PARKS AND ACCESS TO THE COUNTRYSIDE ACT 1949
NATURAL RESOURCES BODY FOR WALES
GLYNDŴR NATIONAL PARK (DESIGNATION) ORDER 2026

Thank you for providing the opportunity for Wrexham County Borough Council to comment on the designation order for the proposed Glyndwr National Park for North East Wales.

On behalf of Wrexham Couty Borough Council we reiterate our objection to the designation order made during the consultation in December 2025. For the avoidance of doubt, the reasons for objection are;

'Local Authorities and other public bodies will deliver statutory duties within the National Park boundary, for example highways maintenance, public transport, public toilet provision and refuse collection. Additional pressures from the growth of visitor numbers will impact on the demand for services and budgets of Local Authorities and other public bodies which isn't covered by Welsh Governments full funding for a

national park. There is no clarity in respect of the impact on the Welsh Language, housing affordability and planning service delivery'.

Yours faithfully

Councillor Hugh Jones
