Good morning,

Thank you for your email.

The references CAS-05136-C3H1J3 & CAS-05137-D9B1K1 have been generated for Ffos y Fran Lan Reclamation and Cwmbargoed Disposal Point. They are best used to contact us for updates on the Called-In applications.

The applications have been registered by PEDW following the Call-In Direction issued by the Welsh Ministers (Please see attached). In preparation for the applications to be considered by PEDW and an Inspector to report to Welsh Ministers with a recommendation, we have registered them whilst awaiting the application files from your authority, as requested in paragraph 7 of the attached Direction or call-in letter. You will note in paragraph 8 of the call-in letter, your obligation to notify the applicant in accordance with Article 13 of the Development Management Procedure (Wales) Order 2012.

The email sent to you below outlines the standard appeals process but is only meant to be a guideline in terms of notification of timescales and anticipated deadlines and to inform you of the PEDW reference numbers that have been attached to the cases.

When the call-in letter was issued, jurisdiction to determine the applications passed to Welsh Ministers.
If you have received information that you have requested, please include it with the application files. We are unable to start the process until the files are received. As your authority no longer has jurisdiction to determine the applications it is not appropriate for you to continue to liaise with the applicant. Once PEDW starts the process, both your authority and the applicant will have opportunity to submit a full statement of case.

I hope my reply has been helpful.

Kind regards,

Allan Austin

Classification: **NOT PROTECTIVELY MARKED**

Good morning,

I have received a copy of the email below relating to Ffos Y Fran and another email relating to the Cwmbargoed Disposal Point.

These applications have been called-in by the Welsh Government Minister for determination. Is this not different to the appeal process, which is suggested in the email below? as these applications have not been previously determined.

I presume the references provided relate to the call-in of the applications?

I would be grateful if you could confirm and provide some guidance on how the call-in process may proceed. We are still in discussions with the applicant to try and seek further information which we deem relevant to the considerations of the application. It would be helpful to know if this is still appropriate.

Kind regards
